

List of Evacuation Shelters

○... Available facilities 2F... Inundation is expected, but you are able to evacuate to the second floor or a higher floor
 △... Not available when an emergency dam discharge occurs ×... Unavailable

Emergency Evacuation Shelters

Temporary facilities opened when a disaster occurs. The facilities allows residents to stay for as long as necessary and until the danger of a disaster subsides, and are also for residents who cannot return to their homes.

※Not all evacuation shelters will be open. Check the city's evacuation information.
